Calling all Artists! New Logo needed for LHiNC

The only two requirements of submissions are that they somehow incorporate the trolley, and that they be submitted in a .jpeg file format. The deadline for submissions is **October 13**. A design will be selected by popular vote at the bonfire and town hall meeting on October 17 at the LH park building. Designs should be submitted to info@lindenhills.org.

Bloom Where You're Plants Are

Did you know that plants can benefit from being divided or transferred to a new location? We have just the right home for your plants! Mark the location of perennials or shrubs now that you want to give away. In early spring 2009 there will be a renewal of the plantings on the 44th Street PATH (the 2 walking/riding blocks on the north side of 44TH Street between Zenith and Xerxes). We can use your plants OR labor to renew the PATH. Any excess plants will be sold for on-going maintenance funds for the PATH. Please contact Chris High with potential types and quantities of plants or volunteer to play (work!) in the dirt! Contact: cdivahmn@gmail.com or phone 927-6373.

Beautify the neighborhood and double your donation!

The Hendry Foundation has again agreed to match the funds the environment committee raises from the neighborhood, up to \$12,000. They will use this money to plant more trees, treat elms on public property for Dutch Elm Disease (DED),

Free CFL recycling in the neighborhood

Bayers Hardware now accepting spent energy efficient bulbs

Bayers Do it Best Hardware will now accept all CFL Compact Fluorescent Bulbs for recycling/disposal at no cost to the consumer. This is being done through a partnership with Excel energy. Bayers still accepts for a small fee all other fluorescent bulbs that are NOT Compact Fluorescent Bulbs for recycling/disposal. Click [here](#) for \$.50 off coupons when you bring in bulbs for recycling at Bayers.

Menards and Home Depot ONLY accept CFL for free disposal. They DO NOT accept fluorescent tubes at all. Bayers does both, so why not keep your fluorescent bulb business in the neighborhood!
